I run a dormitory at an alcohol plant where there is a good deal of influenza. Have tried Snake Oil on several cases, and they have been relieved and made well again. Where doctors have lost lots of patients, we have not lost a single one."

the next step will be the arrangements for the peace conference. The armistice, which has terminated actual hostilities with the central powers, beyond general references to peace settlements and guarantees which may be dictated by the victor, did not contain any provision for the assembling of peace delegates. Consequently it is believed the diplomatic agencies will proceed to that task at once, leaving the military agencies to deal with such questions as demobilization of the late

M. House, if he cares to assume that territory, and even some of that territory, and even some of that territory, and even some of that territory is regarded as unsuitable because of the pronounced sympathy of the population with one side or the other. Little Switzerland is believed to be a strong favorite and there has been some mention of the beautiful town of Lausanne as an ideal meeting place, one report being that American agents already have quietly obtained noted and other accommodations for the United States delegates at that place. But nothing is definitely known of the location of the meeting place, Secretary Lansing at Head.

That the entente premiers will head their respective delegations is not doubted here, and that conclusions has led to the conjecture that upon Scretary Lansing may fall the home of leading the American delegation, which of course probably will include Col. E.

**DALTON REJOICES** 

Susiness Houses Automatically Closs and Streets are Thronged.

Dalton, Ga., Nov. 11.—(Special)—This city has taken a holiday. None has been declared but no formal declaration is needed. Manufacturing and business houses closed automatically at an early hour and the downtown streets were thronged with people celebrating the close of the war—Dalton's first celebration, for Dalton didn't fall for the peace which came several days ago. In spite of the law against pistols, men with these deadly weapons are walking around the main streets and are firing them into the air. Schools have closed and informal parades are being formed. The ringing of church bells, the nre bell, the riot bell in the jall tower and whistles and guns told Dalton of peace before saylight and the people are happy in the meantime. The United War Work committees are reaping a rion harvest, for the people are rushing to give.

Chatteoga County Court Convenes With Judge J. M. Beilah Presiding.
Lyerly, Ga., Nov. 11.—The fall term of Chatteoga county court convened in Summerville this morning, with Judge J. M. Bellah presiding. The court was to have met in October, but owing to the influenza epidemic raging at that time it was posiponed until today.

The county court will adjourn Tuesday and on Thursday there will be a special session of superior court to try George Woods, a negro charged with the murder of Lee Woods, a white man, at Summerville about two years ago. The killing occurred in a restaurant after a quarrel between the two, it is said, and Woods made his escape and was last week apprehended at Cleveland, Tenn.
